

Current practice vs. climate-informed conservation

What do we learn about climate-informed conservation from the case studies presented at the workshop?

Current practice vs. climate-informed conservation

What is different?

What types of information are used?

Importance of monitoring

What is Different?

WHAT?

WHY?

WHERE?

HOW MUCH?

URGENCY / PRIORITY?

What types of Information?

FUTURE MODELING

PAST CHANGES

EXPERT OPINION

COMMUNITY KNOWLEDGE

SENSITIVITIES

DOWNSCALED CLIMATE DATA

Importance of Monitoring

For multiple purposes:

TRACK CLIMATE TRENDS

MEASURE ECOLOGICAL RESPONSES

REDUCE UNCERTAINTY

TEST HYPOTHESES

EVALUATE EFFECTIVENESS
